COMMUNITIES

# HOLISTIC APPROACH

Collectively, we are creating happier, healthier communities, incorporating culture, education and wellbeing. In order to create thriving communities and find solutions to community issues we use a holistic approach that focuses on long term sustainability strategies.

REAP WHAT YOU SOW

# VISION

---

Debbie Adams is the driving force behind the vision. Growing up in New Zealand she was heavily influenced by the Maori way of living and the importance of community and sharing. Our vision is to create a better world, where the wellbeing of people and the planet are at the forefront. Achieving this requires a multi-layered holistic approach, that also incorporates financial sustainability and ethics.

To find out more please feel free to chat with Debbie or check out the information on our website.

# Core Values

---

The following list of core values reflects what is truly important to the founding members of *base* Verein. These are not values that change according to time, situation or person, but are rather the vital underpinning of the culture of our foundation.

Core values come under the governance of *AROHA*\*. The *base* Verein founders consider it of the utmost importance that the following core values are upheld and maintained.

By maintaining these core values, regardless of how large *base* grows, the purity of the vision behind *base* verein can be preserved.

- ACTION
- RESPECT

- HOPE
- ACCEPTANCE & AFFINITY

\**AROHA* - in its simplest form means love in Maori. To find out more about Aroha and our core values please check out our website

For guidance with pricing please check out our pricing guide at the back of the book.

# KOHA

Koha is a fair exchange to honour the service you have received. Please take into consideration when giving Koha that it honours the facilitator and helps to cover some of the running costs of *base* Verein. If you are unable to make a financial contribution, you are still most welcome to attend, but you must offer a fair exchange of your skills or an offering (e.g. veggies from your garden, a baked cake, cooking a Koha meal for members, or help with cleaning). Koha makes it possible for everyone to take part and values respect, trust, integrity and honour.
